

Ayelen Campot

Frontend Developer | User Research | User Behavior | Product Thinking
ayelencampot@gmail.com | LinkedIn | Portfolio

Profile

Profile focused on user behavior analysis in digital products, with an emphasis on identifying friction points and improving user experience.

Background in analyzing usage patterns and translating insights into product decisions within real business contexts.

Interdisciplinary foundation combining studies in Advertising, Sociology and Data Analytics with technical knowledge in frontend development, enabling a holistic approach that considers user needs, business constraints and technical feasibility.

Professional Experience

Devecoop – Frontend Developer (SSR) | UX User Behavior

Jan 2023 – Present

- Analyzed user behavior in digital experiences, identifying friction points in onboarding and interaction flows to improve clarity and usability.
- Identified usage patterns to optimize user engagement and overall experience clarity.
- Conducted heuristic evaluations to detect usability issues and improvement opportunities.
- Prioritized experience improvements based on observed patterns, considering user impact and business constraints.
- Contributed to defining user flows in gamified experiences, taking into account user context and motivation.
- Iterated on interfaces based on behavior-driven insights, optimizing experiences within time, business and technical constraints.
- Developed digital products and promotional platforms for international brands such as Danone, Vichy and Clorox.
- Implemented frontend interfaces using Laravel Blade and SASS, ensuring scalability and visual consistency.
- Collaborated with product, design and business teams in international environments.

Amapola Digital – Marketing Agency – Digital Strategy Web Development

2018 – 2023

- Analyzed audience behavior and optimized campaigns based on performance metrics.
- Developed websites with a focus on user experience and conversion.
- Identified user needs and opportunities to improve digital experiences.

Web Development Instructor – Coderhouse

Mar 2021 – Feb 2023
